Grade 2 wireless | wall mount models

A security system is only as good as its ability to detect. Your reputation, your business, your future, and your customers' wellbeing, all depends on making the right choice of motion detection.

Bewares's new range of motion detectors, Capture, is our highest performing, most reliable, easiest to install range of detectors, ever. Grade 2 wireless wall mount detectors offer a choice of 15m PIR, 20m quad PIR or 20m dual technology devices. Bewares's award-winning Ricochet[®] mesh technology provides commercial grade wireless performance.

P15-W : Wireless 15m PIR

- 15m / 90° volumetric coverage
- Dual element pyro
- Optional PetWise mode
- EN50131-2-2 Grade 2

Outstanding catch performance

Bewares's design team started with the perfect optical geometry for motion sensing, and developed a beautiful minimalist low-profile design that celebrates, rather than hides, it's optical prowess.

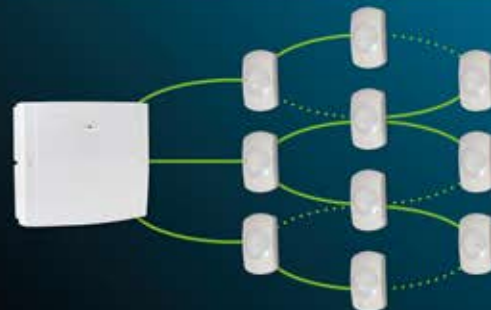

Note: Coverage patterns differ when in PetWise mode.

Peerless wireless connectivity

All wireless Capture models feature the same form-factor as their wired counterparts, EN Grade 2 certification and Bewares's multi award-winning *Ricochet* mesh technology for commercial grade wireless performance.

Front-loaded fully sealed electronics

Flexible mounting points

Automatic wireless setup

EN certified selectable pet immunity option

Install in seconds

Speed up your installations and spend less time installing devices. Capture has been designed with the installer in mind and includes a host of installer friendly features, making installation and commissioning a doddle.

Applications

Capture motion detectors excel in a wide variety of professional security applications.
